Profile

I am a Cybersecurity Master's student with a technical background in information engineering and programming, interested in IT security, risk management, and the role of cybersecurity in organizational and business contexts.

Education

- **Master's Degree in Cybersecurity (LM-18)**, Sapienza University – Rome, Italy (1st year in progress)
- **Bachelor's Degree in Information Engineering, Computer Science and Statistics (L-8)**, Sapienza University – Latina Campus, Italy
- **Diploma in Computer Science and Telecommunications**, Istituto d'Istruzione Superiore Carlo e Nello Rosselli – Aprilia, Italy, 100/100

Professional Experience

- **IT Trainer in Digital Skills and Information Technology**, inTraining, June 2023 – Present
  - Delivered IT and digital skills training courses through inTraining, in collaboration with Adecco Formazione SRL and Mylia
  - Taught modules on computer science fundamentals, digital skills, Microsoft Office tools, and cybersecurity best practices
  - Conducted theoretical and practical lessons, supporting participants during exercises and lab activities
  - Main courses delivered: *Intermediate Office*; *Production Operator with Logistics and IT Skills*; *Technical/IT Support Assistant*; *Back Office Assistant*; *Commercial Employee*; *Logistics Clerk*; *Integrated Warehouse Logistics*; *Lean Production / Warehouse Management and Production Processes*
- **Website Management & Sailing Instructor**, ASD Circolo Campeggiatori Romani – Scuola Vela FIV, 2022 – Present
  - Managed website updates, content maintenance, and ongoing improvements: https://www.velaccr.it/
  - Supported website maintenance and basic security validation activities
  - Worked as a sailing instructor, supporting courses and training activities for different age groups and skill levels
- **Private Tutor in Computer Science, Mathematics, Physics and Chemistry**, September 2021 – June 2022
  - Developed customized study plans and explained complex technical concepts
  - Assisted students with practical programming and problem-solving exercises
  - Monitored progress and provided constructive feedback

Technical Skills

- **Programming:** Python (pandas, numpy), C++, C, HTML, CSS, JavaScript, PHP, SQL, Verilog, SystemVerilog, Assembly, Java, Kotlin
- **Systems/Tools:** Linux, Windows, Eclipse, Flowchart, Draw.io, MySQL, MS Access, phpMyAdmin, MS Office, Vim, Notepad++, Vivado, Docker, Kubernetes
- **Networking/Cybersecurity:** CCNA R&S, IT Essentials, Cybersecurity Essentials, Introduction to Cybersecurity, CCNAv7 Switching, Routing, and Wireless Essentials
- **Data Analysis / Finance Tools:** Advanced Excel, VBA, SQL, Python with data analysis libraries, business process analysis

Certifications

- IT Essentials 002 New – IT Essentials: PC Hardware and Software, Cisco Networking Academy
- ITN1_1819 – CCNA R&S: Introduction to Networks, Cisco Networking Academy
- Introduction to Cybersecurity – Cisco CyberSecurity Scholarship 2020/2021
- Entrepreneurship – Cisco Networking Academy
- Cybersecurity Essentials Scholarship – Cisco Networking Academy
- CCNAv7: Switching, Routing, and Wireless Essentials
- EIPASS Standard

Languages

- Italian: Native
- English: Advanced
- French: Elementary

Soft Skills

Problem solving, analytical thinking, teamwork, communication, time management, adaptability, proactive attitude

Additional Experience

- Leonardo Hackathon 2026 – Space Challenge, Team 6: MARY'S POWER – Contributed to the design of an orbital energy support constellation with centralized ground control, predictive maintenance, future state estimation and dynamic client-provider assignment
- Erasmus project in Ireland, County Leitrim – Lough Allen College
- BoardGame School project – educational games and interactive learning
- Volunteering and contribution to food bank initiatives
- Civil Service Volunteer – National Civil Service Program
- School-Work Alternation project: IFS simulation of a training company, SafeCrossing – prototyping of pedestrian safety devices using Arduino
- Kaplan International School – Intensive English course, B2 attendance certificate, 2 weeks

Personal Projects / GitHub

- **Personal website:** https://riccardodannibale.github.io
- **Complex Gym Website:** Full-stack web application for gym management, including frontend, backend and database
- **P2P Chat Application:** Peer-to-peer messaging system
- **Experimental Thesis: ASCON on FPGA:** Implementation of the ASCON lightweight cipher on FPGA, integrating SPI interface and PUF for key generation; simulation performed using an FT232H USB-to-GPIO chip
- **GitHub repositories:** https://github.com/riccardodannibale
