| Professional Experience | <ul style="list-style-type: none"><li>• <b>IT Trainer in Digital Skills and Information Technology</b>, inTraining, June 2023 – Present<ul style="list-style-type: none"><li>– Delivered IT and digital skills training courses through inTraining, in collaboration with Adecco Formazione SRL and Mylia</li><li>– Taught modules on computer science fundamentals, digital skills, Microsoft Office tools, and cybersecurity best practices</li><li>– Conducted theoretical and practical lessons, supporting participants during exercises and laboratory activities</li><li>– Main courses delivered: <i>Intermediate Office; Production Operator with Logistics and IT Skills; IT/Technical Support Assistant; Back Office Assistant; Sales Assistant; Logistics Operator; Integrated Warehouse Logistics; Lean Production / Warehouse Management and Production Processes</i></li></ul></li><li>• <b>Website Manager &amp; Sailing Instructor</b>, ASD Circolo Campeggiatori Romani – FIV Sailing School, 2022 – Present<ul style="list-style-type: none"><li>– Managed website updates, content maintenance, and continuous improvements: <a href="https://www.velaccr.it/">https://www.velaccr.it/</a></li><li>– Supported website maintenance and basic security validation activities</li><li>– Worked as a sailing instructor, supporting courses and training activities for different age groups and skill levels</li></ul></li><li>• <b>Private Tutor in Computer Science, Mathematics, Physics and Chemistry</b>, September 2021 – June 2022<ul style="list-style-type: none"><li>– Developed personalized study plans and explained complex technical concepts</li><li>– Assisted students with practical programming exercises and problem-solving</li><li>– Monitored progress and provided constructive feedback</li></ul></li></ul> |
| Technical Skills        | <ul style="list-style-type: none"><li>• <b>Programming:</b> Python (pandas, numpy), C++, C, HTML, CSS, JavaScript, PHP, SQL, Verilog, SystemVerilog, Assembly, Java, Kotlin</li><li>• <b>Systems/Tools:</b> Linux, Windows, Eclipse, Flowcharts, Draw.io, MySQL, MS Access, phpMyAdmin, MS Office, Vim, Notepad++, Vivado, Docker, Kubernetes</li><li>• <b>Networking/Cybersecurity:</b> CCNA R&amp;S, IT Essentials, Cybersecurity Essentials, Introduction to Cybersecurity, CCNAv7 Switching, Routing, and Wireless Essentials</li><li>• <b>Data Analysis / Finance Tools:</b> Advanced Excel, VBA, SQL, Python with data analysis libraries, business process analysis</li></ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |

## Certifications

- **IT Essentials 002 New – IT Essentials:** PC Hardware and Software, Cisco Networking Academy
- **ITN1\_1819 – CCNA R&S:** Introduction to Networks, Cisco Networking Academy
- **Introduction to Cybersecurity** – Cisco CyberSecurity Scholarship 2020/2021
- **Entrepreneurship** – Cisco Networking Academy
- **Cybersecurity Essentials Scholarship** – Cisco Networking Academy
- **CCNAv7: Switching, Routing, and Wireless Essentials**
- **EIPASS Standard Computer Skills**

## Languages

- **Italian:** Native
- **English:** Advanced
- **French:** Elementary

## Soft Skills

Problem-solving, analytical thinking, teamwork, communication, time management, adaptability, proactive attitude

## Additional Experiences

- **European Innovation Academy (EIA) 2026** – Intensive international entrepreneurship and startup program, co-organized with Università Campus Bio-Medico di Roma, involving the development of innovative projects in multicultural teams, international mentoring, and activities related to business modeling, marketing, and investor pitching
- **Leonardo Hackathon 2026** – Space Challenge, Team 6: MARY'S POWER; contributed to the design of an orbital energy-support constellation with centralized ground control, predictive maintenance, future-state estimation, and dynamic customer-supplier allocation
- **Kaplan International School** – Intensive English course, B2 certificate of attendance, 2 weeks
- **Porta Futuro Lazio Training Program (2025)**
  - Advanced Project Management
  - Project Management Workshop
  - Communication and Dissemination in European Projects
  - Problem-Solving
  - Stress Management
- **Erasmus Project in Ireland, County Leitrim** – Lough Allen College
- **School BoardGame Project** – Educational games and interactive learning
- **Volunteering and contribution to food bank initiatives**
- **National Civil Service Volunteer**, 1 year
- **School-to-Work Alternation Project:** IFS SafeCrossing simulation – prototyping of pedestrian safety devices using Arduino

## Personal Projects / GitHub

- **Personal Website:** <https://riccardodannibale.github.io>
- **Complex Gym Website:** Full-stack web application for gym management, including frontend, backend, and database
- **P2P Chat Application:** Peer-to-peer messaging system
- **Experimental Thesis: ASCON on FPGA:** Implementation of the lightweight ASCON cipher on FPGA, integrating an SPI interface and PUF for key generation; simulation performed using a USB-to-GPIO FT232H chip
- **GitHub Repository:** <https://github.com/riccardodannibale>
