Profile

I am a Master's student in Cybersecurity, with a strong interest in cybersecurity, risk management, and the integration of cybersecurity into organizational and business processes.

Education

- **Master's Degree Student in Cybersecurity (LM-66)**, settembre 2025 – ottobre 2027.
Sapienza Università – Roma, Italy
- **Bachelor's Degree in Information Engineering, Computer Science and Statistics (L-8)**, settembre 2022 – ottobre 2025, Sapienza Università – Latina, Italy, 100/110
- **Diploma in Computer Science and Telecommunications**, settembre 2017 – luglio 2022, Istituto d'Education Superiore Carlo e Nello Rosselli – Aprilia, Italy, 100/100

Professional Experience

- **IT Trainer in Digital Skills and Information Technologies, inTraining, Giugno 2023 – Giugno 2026**
 - Delivered IT training and digital skills courses in collaboration with Adecco Formazione and Mylia
 - Taught modules on computer science fundamentals, digital skills, Microsoft Office tools, and cybersecurity principles
 - Conducted theoretical-practical lessons and laboratory activities
 - Training aimed at different professional profiles, including IT support, back office, logistics, and production
- **Website Manager & Sailing Instructor, ASD Circolo**
Campeggiatori Romani – Sailing School FIV, Giugno 2022 – Giugno 2026
 - Managed website updates, content maintenance, and continuous improvements: <https://www.velaccr.it/>
 - Supported website maintenance and basic security validation activities
 - Worked as a sailing instructor, supporting courses and training activities for different age groups and skill levels (Boats: Tridente 16 e 14, laser 470, optimist)
- **Private Tutor in Computer Science, Mathematics, Physics and Chemistry**, Settembre 2021 – Giugno 2022
 - Developed personalized study plans and explained complex technical concepts
 - Assisted students with practical programming and problem-solving exercises
 - Monitored progress and provided constructive feedback

**Skills
Technical**

- **Programming & Scripting** — Python (Pandas, NumPy), C, C++, Java, Kotlin, JavaScript, PHP, SQL, Assembly.
- **Web & Database** — HTML, CSS, PHP, JavaScript, MySQL, Microsoft Access, phpMyAdmin.
- **Systems & Infrastructure** — Linux, Windows, Windows Server, Active Directory, Proxmox VE, Docker, Kubernetes.
- **Networking** — TCP/IP, subnetting, VLAN, DNS, DHCP, routing, switching, network configuration and management.
- **Cybersecurity** — Kali Linux, Wireshark, Nmap, Burp Suite, Metasploit, vulnerability assessment, network security, system hardening, IAM, cryptography, SIEM, incident response, Wazuh.
- **Data Analysis & Business** — Advanced Excel, VBA, Python for data analysis, Pandas, NumPy, SQL, analysis and optimization of business processes.
- **Hardware Development & Tools** — Verilog, SystemVerilog, Xilinx Vivado, Eclipse, Vim, Notepad++, Draw.io, Git/GitHub, Microsoft Office, Arduino.

Certifications

- **IT Essentials 002 : PC Hardware and Software, Cisco Networking Academy**
- **ITN1_1819 – CCNA R&S: Introduction to Networking, Cisco Networking Academy**
- **Introduction to Cybersecurity – Cisco CyberSecurity Scholarship 2020/2021**
- **Entrepreneurship – Cisco Networking Academy**
- **Cybersecurity Essentials Scholarship – Cisco Networking Academy**
- **CCNAv7 - Switching, Routing, and Wireless Essentials**
- **EIPASS Standard Informatica**

Languages

- **Italyno:** Native
- **Inglese:** Advanced
- **Francese:** Elementary

Soft Skills

Problem solving, analytical thinking, teamwork, communication, time management, adaptability, proactive attitude

**Additional
Experiences**

- **European Innovation Academy (EIA) 2026**– International intensive entrepreneurship and startup program, co-organized with Campus Bio-Medico University of Rome, involving the development of innovative projects in multicultural teams, international mentoring, and activities related to business modeling, marketing, and investor pitches
- **Leonardo Hackathon 2026**– Space Challenge, Team 6: MARY’S POWER, contributed to the design of an orbital constellation for energy support with centralized ground control, predictive maintenance, future-state estimation, and dynamic customer-supplier assignment
- **Kaplan International School**– Intensive English course, B2 certificate of attendance, 2 weeks from 07.03.2026 to 21.03.2026 in Ireland, Dublin
- **Porta Futuro Lazio Training Program (2025)**– Advanced Project Management– Project Management Workshop– Communication and dissemination in European projects– Problem Solving– Stress management

**Personal Projects /
GitHub**

- **Erasmus Project in Ireland**, County Leitrim– Lough Allen College (1 settimana)
 - **School Project BoardGame**– Educational games and interactive learning
 - **Volunteering** and contribution to food bank initiatives
 - **National Civil Service Volunteer**, 1 year
 - **School-to-Work Alternation Project**: IFS SafeCrossing simulation– prototyping of pedestrian safety devices using Arduino
-
- Personal website: <https://riccardodannibale.github.io>
 - Complex Gym Website: Full-stack web application for gym management, including frontend, backend, and database
 - P2P Chat Application: Peer-to-peer messaging system
 - Experimental Thesis: ASCON su FPGA: Implementation of the lightweight ASCON cipher on FPGA, integrating an SPI interface and PUF for key generation; simulation performed using an FT232H USB-to-GPIO chip
 - GitHub Repository: <https://github.com/riccardodannibale>
